Pathway to Knowledge
Grounds for Learning

Order
TODAY!

LEGACY LANE

The *Pathway to Knowledge: Grounds for Learning Project*, which is currently under construction, complements the library's mission for lifelong learning. The goal is to provide hands-on, interactive educational experiences with nature and an exploration of the outdoors. The project will include inviting areas to toss a blanket and share a story, a babbling water feature to sit by and reflect, and a pathway that connects the library campus from the Kinder Garden through the beautiful Indiana native garden to the new open-air pavilion. Engraved pavers will be inserted in this pathway.

To leave your **legacy**, simply complete the order form below.

The engraved pavers [up to 14 characters per line, 3 lines per paver] are only **\$125.00** and will be a permanent **HERITAGE LINK** in the **Pathway to Knowledge** path.

Order Form: Please fill
out and return to the
library. Thank you!

ENGRAVED PAVERS

Make checks payable to: **Mooresville Public Library**

We invite you to come explore, play, and observe wildlife outdoors at
Mooresville Public Library.
