MPL Wireless Hotspot

Instructions:

1. To turn on hotspot, locate power switch at the top and slide to **ON** position.
2. Wait about a minute; when lock symbol appears on screen, hotspot is ready for use.
3. Search for **Sprint Hotspot** wireless signal on your computer or device; use matching password (listed on back of hotspot) to connect to the signal.
4. For long periods of use, keep hotspot plugged into a power source.
5. Switch hotspot **OFF** when done using.

Remember:

- MPL tech kits check out for 7 days. The device stops working after the return date is reached.
- Please return MPL tech kits to the circulation desk during normal library hours.
- Late return fees for MPL tech kits are charged at a \$5.00 per day rate.
- The replacement fee for a lost MPL tech kit is \$200.
- Please return all pieces included in the tech kit (a visual guide is located in the bottom of the container).

MPL Wireless Bridge

Instructions:

6. Locate Ethernet port on computer (looks like a phone jack).
7. Plug wireless bridge into port.
8. Keep wireless bridge plugged into a power source during use.

Remember:

- MPL tech kits check out for 7 days.
- Please return MPL tech kit to the circulation desk during normal library hours.
- Late return fees for MPL tech kits are charged at a \$5.00 per day rate.
- The replacement fee for a lost MPL tech kit is \$200.
- Please return all pieces included in the tech kit (a visual guide is located in the bottom of the container).
