Died of
COVID-19 in
the United
States**

Three Important Ways to Slow the Spread

1. Wear a mask to protect yourself and others and stop the spread of COVID-19.
2. Stay at least 6 feet (about 2 arm lengths) from others who don't live with you.
3. Avoid crowds. The more people you are in contact with, the more likely you are to be exposed to COVID-19.
