GETTING IT TOGETHER
We are "Getting It Together" in the yearbook this year, and we hope you will stick around to get your section of the action. We are going to try to put together a small review of the past year of school that has added a year of fun and experience to your life.

Each yearbook is a reminder of each year you spend in high school. For freshmen, the yearbook reminds them of all their embarrassing situations, ridiculous stunts, and ego crushing adventures. The sophomores remember all their exciting moments like ordering and receiving their class rings. The juniors remember all the work they had to do; the magazines to sell and a prom to create and make a success. Now for the seniors, the memories of all their high school years suddenly reappear before them as they thumb through each page. Their whole year is filled with excitement and anticipation awaiting graduation, and then again dreading its arrival.

The yearbook along with high school is an adventure. We invite you to enter into the pages of your life and help us in Getting It Together.

The Fundamentals of School

Just one last peek before we let you enter into your life at M.H.S. and Academics gets the last billing. Academics is school; it is the reason we are here, to learn. So here are some examples of the types of classes which are offered at M.H.S, and also the sights of students at work doing what they are at school for.

Academics is the major division of the classes offered at M.H.S. For example, this included English, Math, Economics, Business, and Industrial Arts departments. The classes at M.H.S. are divided into these different departments to form a more organized and efficient system.

Tennis Team Sweeps Mid-State

Our MHS Netman had an outstanding fall season, and although their spring record was not as impressive, they had a good season against such tough competition.

Fall was quite busy with the band and Kadettes performing at all Home football games. They also competed in many contests fairing well.

The "74" season started with the marching Pioneers performing at a Pacer game. The project that took up most of their time last spring was preparing and putting on their annual variety show. The theme was "You're a Good Man, Charlie Brown." The "73-74" year for the marching Pioneers ended for some, but for it was just beginning.

The Mooresville High School Choirs, under the direction of Ken Jones, held various performances during the year. Students from Varsity choir and Glee club along with the Rhythmaires gave these concerts.

The Rhythmaires started off the 73-74 year by being in the Wagon Trails Revue followed by glee club and Varsity choir singing Christmas carols on the circle and Lafayette Square. Their Winter concert started the year of 1974.

The Variety Show last year was just one of the many spring activities for the choirs. Their largest highlight was putting on the musical, "OLIVER."

Cheerleaders Help Create School Spirit

A. Cheerleading can get a little uncertain at times as Toni Martin finds herself on top of the pyramid.

Throughout the year each squad of cheerleaders worked hard to build up the spirit of students and back the teams. Many of their efforts to achieve this were skits for pep sessions, posters, and team breakfasts.
Pep Club Keeps Busy Throughout The Year

Through the efforts of Pep Club the school spirit was raised quite a bit. At Homecoming Pep Club members sold corsages. At basketball and wrestling sectionals some of the members baked victory cakes for each member of the teams.

Excitement, enthusiasm, and noise are all part of the game.
The German Club was very active selling German cookies and the Maifest held in May. They also held a U.N.T.I.C.E.F. campaign and went Christmas caroling. They displayed their first club float in the homecoming parade. A treat for club members was having a foreign exchange student from Germany attending M.H.S.

Many of the Spanish Club’s activities include dinners, in which the members prepare the dishes themselves, and a field trip to Kings Island. They also make many trips to see Spanish movies.

Math Covers Many Areas

Math at MHS is a course of study that requires homework, a bit of ingenuity, and a little brain work. Sophomores Start Out Right With

With two years of high school now history, the Class of '76 has much to look back on and remember, but even more to look forward to in the future. After surviving that trying novice year, they returned to M.H.S. as Sophomores ready to tackle their 10th year. Although their float received 4th place, they tried harder and placed 3rd in Sectional Hall Decorations. The Sophomores also ordered their class rings, which they now proudly wear. The Sophomores look forward with the "Spirit of '76".

The class of '77 entered the halls of Mooresville High on August 23, 1973, filled with many hopes and expectations for the four years ahead of them. Class sponsors, Miss Candy Roberts and Mr. Stan Hall, guided the class during many activities including class meetings and election of officers. Hard work and enthusiasm bubbled the Frosh Homecoming float "Soak 'Em" into a second place in float competition. The Freshmen danced away with a second place victory in Hall Decorations by "Rockin' and Rollin' for a sectional victory." These achievement by a freshmen class were surprising and added a new challenge to the other classes.
