

WARMING WARNING!

Due to extreme temperatures and a **20 year old** HVAC system, we will be experiencing warmer than usual temperatures in the library.

It is in our [2024/2025 RENOVATION PLAN](#) to replace the **entire HVAC system**, but we are doing our due diligence to replace it with efficient and effective equipment.

Procuring the equipment is our biggest challenge.

We apologize for any inconvenience or discomfort, please let us know if we can make your stay more 'comfortable'.

Thank you for your patience and understanding.
